

# PLANTERS

Terraform crafts quality bespoke planters that add character and definition to your outdoor spaces. Our planters are made with aluminum; a lightweight, weather resistant, durable, and infinitely recyclable material which we powder coat with the color of your choice to create a robust protective layer that resists rust, corrosion, chipping, and fading.

We also offer different shapes and cladding in a variety of materials to add visual appeal and style to your planters. Each planter can be customized as much as you'd like.

Placement of free-standing and groups of planters can delineate specific areas for different uses in both large and small spaces.

# CHOOSE YOUR PLANTER STYLE

## Standard Planters

Our Standard Planters are made to order from .125" aluminum with integrated cleats and drainage holes. They're great for grouping planters in clusters for visual impact or using them to define spaces and add privacy.

## Slab Planters

Our Slab Planters have no lip for a clean, minimalist, elegant, and modern design. These planters are made to order from .187" aluminum with integrated cleats and drainage holes.

## Connect Planters

Create trough-style containers with our Connect Series Planters that are custom fabricated for your space. These are made to order from .125" or .187" aluminum with lowered joining partitions to allow for a continuous layer of mulch for a seamless look. These also include integrated cleats and drainage holes.

# CHOOSE YOUR PLANTER SHAPE AND COLOR

## Planter Shapes

Our planters can be made in any shape or size. Whether you need rectangular, rounded, cylindrical, angular, or square, we can accommodate. We build each planter with your specific space in mind.

Need to hide utilities and irrigation? Not a problem! Each planter can be customized as much or as little as you'd like.

# ADD CLADDING OR TRIM TO YOUR PLANTERS

Looking for a different style? Want to add texture or negative space? Looking to match existing paving or structures? Try cladding or trim!

We offer cladding in a variety of stone and wood to add visual appeal and style to your planters.

Together we'll find the perfect material that represents your aesthetic.

# PERGOLAS

A pergola creates the feeling of an outdoor room and is a beautiful focal point for intimate gatherings with family and friends. Engineered for durability and designed to fit any space, Terraform's pergolas are available in a range of stunning colors, styles, and sizes.

Our pergolas are made with aluminum; a lightweight, weather resistant, durable, and infinitely recyclable material. We powder coat the aluminum with the color of your choice to create a robust protective layer that resists rust, corrosion, chipping, and fading. We also offer a variety of wood species to add visual appeal and style for the purlins and side panels of your pergola.

Add sophisticated ambiance to your outdoor oasis with a custom aluminum and wood pergola crafted for you by Terraform.

# CHOOSE YOUR PURLINS

Purlins are the pieces that run across the rafters of the pergola. They provide shade and a structure for climbing vines. Widely spaced purlins will have less shade than narrow purlins, but will allow more room for plant growth. Cable purlins don't offer much shade, but can have fabric panels that hang from them. There's lots of options for your specific needs!

## Wood Species

Want to add a different style? We offer purlins and side panels in wood species such as cedar, ipe, sapele, teak, and thermory ash to add visual appeal to your pergolas. Sapele can be painted in any color to match your pergola to any existing elements.

# CHOOSE YOUR SIDE PANELS

## SIDE PANELS

Side panels add a layer of sophistication and privacy to your pergola. Whether you want to shield yourself from the sun, the heat, the wind, or prying eyes, side panels can help you turn your pergola into a real outdoor private room that seamlessly integrates with nature. You can choose a style that complements your home and elevates its aesthetics.

| Outdoor         | Drawer          |
| Refrigerator    | Wine            |
| Outdoor Freezer | Refrigerator    |

Whether you have existing appliances you'd like us to work around or want to add more gadgets to your arsenal, we can help! Our team can plan the ideal layout for all of your culinary needs.

## Countertops

Just like the rest of your kitchen, countertops are highly customizable. We offer a variety of materials for you to select from Granite, Limestone, Porcelain, Quartzite, Bluestone, Soapstone, Copper, and Stainless Steel. See some examples of our aluminum and stone options on our "Choose Your Look" Page.

Looking for something different for your surfaces? Just reach out!

# DESIGN YOUR CABINETS, DINING, AND SEATING

## Bars, Islands, and Tables

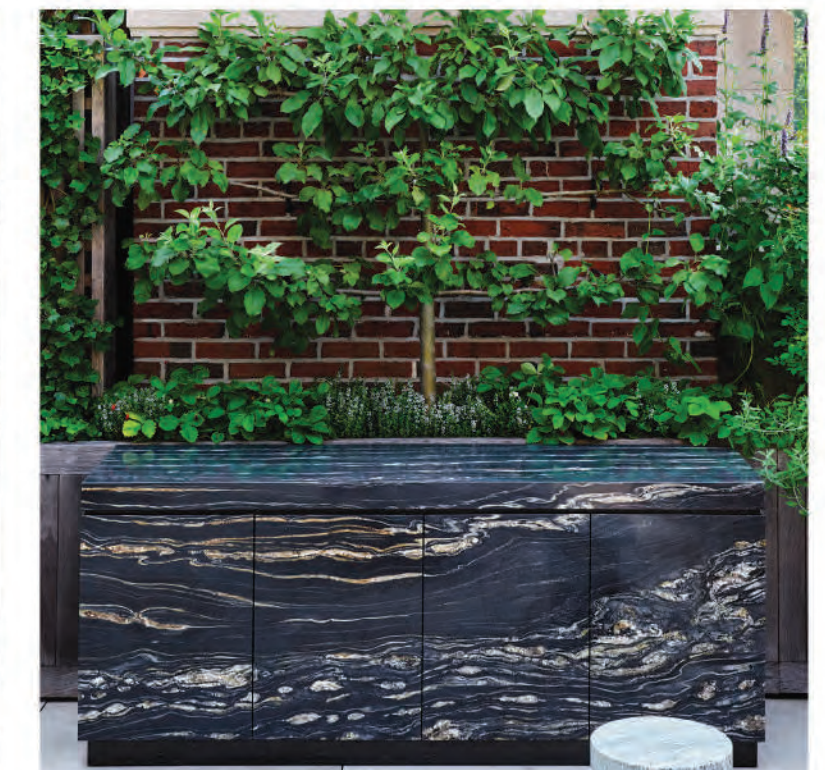

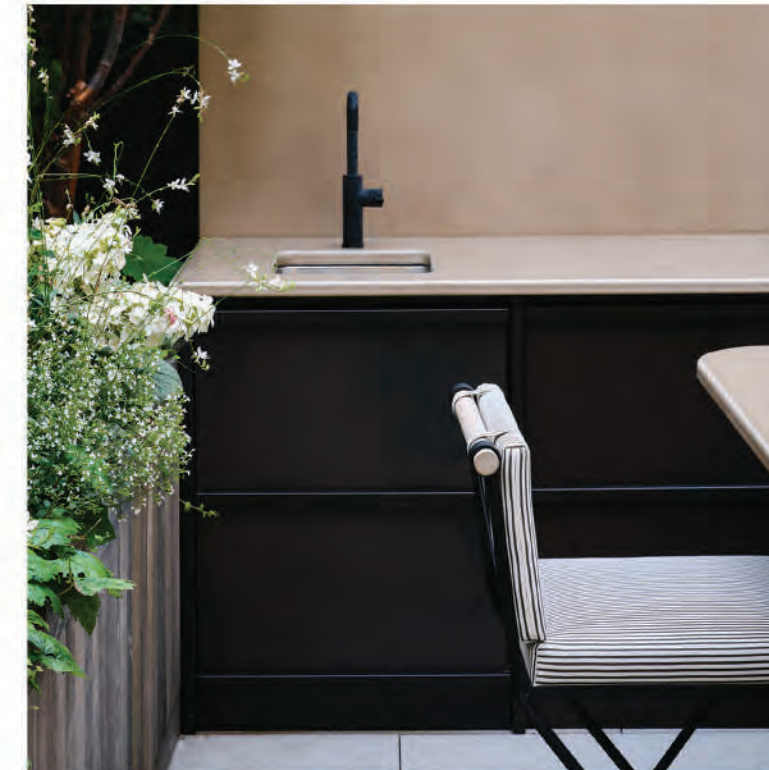

Both communal and alfresco dining helps reduce stress, elevate mood, and feel more satisfied so we're here to help you establish a place to gather family and friends.

Ask us about our options to build you a bar, island, or dining table for your open air get-togethers along with matching seating.

## Cabinets

Your outdoor cabinets have lots of options for design: Powder coated aluminum, wood cladding, stone, adjustable shelves, doors, hardware, drawers, backsplash... But don't be overwhelmed by the customizations, we're here to help and guide you to design cabinets that will not only look amazing, but be perfect to assist you in making your culinary creations.
